Reg. Login

Concept of Simultala Awasiya Vidyalaya is designed on the basis of four of major aspects :-

- Gurukul Education System – Students will stay with GURU & GURUMATA in Ashram System. To understand the value of self dependence and the dignity of labour, they will perform routine tasks related to house chores like cleaning of their surrounding, utensils they use for eating and even lavatory.
- Vasudhaiv Kutumbakam : To be able to understand the challenges of globalization and be able to perform at that level.
- Center of excellence : Whatever be the profession they wish to join whether they become a Scientist/Scholar, Administrator/Management Professional, into the profession of creativity or doing some work in the area of peace and economic reforms, whatever they do they are supposed to be given a proper training/to undergo learning for excelling in their respective field.
- Sense of belongingness : They are supposed to learn/understand the social issues. Belongingness will get them close to understanding the issues and how they can contribute, be it in any of ways whether by sitting on remotely distant places but once they get this feeling nurtured properly they will always be connected and will eager to be a solution provider.
